

# Polyethylene Roll Top 18" X 30" Sewage Ejector Basins

The unique design was developed with one issue in mind, that of ease of maintenance. By virtue of its own design, your time for servicing the pump is reduced dramatically. Rotationally molded of high quality polyethylene at our state-of-art facility, the B2400RT assures years of trouble-free use at a price that may surprise you.

- Constructed of durable, corrosion-resistant polyethylene resin
- Encapsulated inserts
- Standard package includes all hardware & accessories, ready for swift installation
- Roll top design dramatically reduces service time for pump maintenance
- Cover options include: Steel, poly, & structural foam
- Discharge & vent size options include: 1-1/4", 1-1/2", 2" and 3"
- Lightweight, stackable construction can be shipped ups or common carrier

## Basin Part: B2400RT (18"x30")

Weight	14 LBS
Capacity	30 U.S. Gallons
Wall Thickness	3/16"

## Cover

Fiberglass Weight	18 Pounds
12 Gauge Steel Weight	16 Pounds
1/4" Thick Steel Weight	48 Pound

## Cover Options

C18WSL - 14 Gauge - Solid Steel Cvr
C18WSH - 1/4" thk - Solid Steel Cvr
C18SSL - 14 Gauge - Simplex Steel Cvr
C18SP - Simplex Poly Cvr
C18SS - 14 Gauge - Simplex Steel Cvr
C18SF - Simplex Structural Foam Cvr
C18TS - 2-pc 14 Gauge - Simplex Steel Cvr
C18TSF - 2-pc Simplex Structural Foam Cvr

# Polyethylene Roll Top 30" X 36" & 36" X 36" Sewage Ejector Basins

The Topp B4100RT & B5100RT sewage ejector basins have been designed specifically for long-term reliability and strength. Topp's special designed roll top provides strength and installation ease. By employing the finest equipment the industry has to offer, each rotationally molded B4100RT & B5100RT is manufactured using the highest grade of polyethylene to assure years upon years of trouble-free performance. In addition to the performance of each and every product in our line, you will also enjoy Topp's exceptionally high level of customer service. Addressing the details of performance at every level is the reason Topp is the leader and single source for your every need.

- Constructed of durable, corrosion-resistant polyethylene resin
